Abdulhameed AB. Hameed

Network & Systems Engineer | Cloud & DevOps Enthusiast Mosul, Iraq | +964 784 971 4512 | abdhamed22@gmail.com | LinkedIn: www.linkedin.com/in/abdulhamed22 | GitHub: github.com/abdhamed22

Professional Summary

A dedicated Network Engineer (Computer Engineering Graduate, 2025) with hands-on experience in infrastructure management, routing, and troubleshooting. Currently expanding my expertise into Cloud computing and DevOps (Linux, Python, Terraform) to automate operations and optimize system performance. Seeking to leverage my hybrid networking, systems administration, and scripting skills in an enterprise telecom environment to deliver secure, highly available, and automated solutions.

Technical Projects

Enterprise Network Design & Security Simulation (EVE-NG) | Jan 2026

- Designed a hierarchical **3-Tier Architecture** (Core/Distribution/Access) connecting HQ with a remote Branch Office.
- Implemented **High Availability** using **VRRP** for gateway redundancy and **LACP** for link aggregation.
- Configured **OSPF Multi-Area** routing for optimized traffic flow between internal VLANs and Edge Routers.
- Enforced **Security Hardening** policies using **Extended ACLs** to isolate Management VLANs and protect DHCP servers.
- Deployed **NAT (PAT)** and **DHCP Relay** services to ensure seamless internet connectivity and centralized IP management.
- Secured network access layers using **Port Security** and SSH hardening with strict access classes.

AWS S3 Linux Backup & Disaster Recovery Automation | Aug 2026

- Developed an automated **Bash script** to archive Linux server data with dynamic timestamps **(.tar.gz)** and automatically upload backups to **Amazon S3 using the AWS CLI**.
- Automated daily execution schedules using Linux **crontab** and implemented structured log tracking for auditing and error verification.

Automated Linux User Provisioning & IAM Security Utility | Aug 2026

- Engineered an **IAM** onboarding script in Bash to parse batch employee records from **CSV files** and automatically provision Linux system accounts.
- Integrated **OpenSSL** for cryptographic 32-character random password generation and enforced mandatory password resets upon first login **(chage -d 0)** to ensure compliance with enterprise security standards.

Professional Experience

Freelance Systems & Network Engineer
Alpha Gaming Center | Mosul, Iraq | Jul 2026 – Present

- Engineered an online booking portal integrated with Google Sheets and n8n, fully optimized for mobile viewports, to concurrently handle VIP and standard client reservations.
- Optimized local network performance by configuring advanced MikroTik firewall mangle rules, Queue Trees, and the CAKE algorithm to mitigate bufferbloat and stabilize latency under heavy concurrent load.

Fiber Optic Technician (FTTH)
AlMadar ISP | Mosul, Iraq | Oct 2025 – Nov 2025

- Served as a primary technical escalation point for complex issues, supporting and mentoring the field team in troubleshooting and task coordination.
- Executed OLT/ONU configurations, fiber splicing, and managed the full customer activation process with NBTEL.

Certifications & Training

- **MikroTik Certified Network Associate (MTCNA)** | *Achieved* (ID: 2309NA2570)
- **Cisco Certified Network Associate (CCNA) v1.1 200-301** | Preparation Completed
- **MikroTik Certified Switching Engineer (MTCSWE)** | In Progress
- **Bash Scripting & Linux Automation (Cloud Engineer Path)** | DolfinEd Completed (2026)

Professional Qualifications

- **Networking & Protocols:** OSPF (Multi-Area), VRRP, STP (RPVST+), LACP, VLANs (802.1Q), NAT/PAT, DHCP, DNS, QoS (Queue Tree, CAKE).
- **Network Security:** ACLs (Standard & Extended), Port Security, SSH Hardening, VPN Concepts, Firewall Mangle Rules.
- **Systems, Tools & Scripting:** Linux (Fedora, Ubuntu, CentOS), MikroTik RouterOS, Cisco IOS, AWS Fundamentals, EVE-NG, Wireshark, VS Code, Git.
- **Programming & Scripting:** Python, Bash Scripting.

Academic Qualifications

- **Bachelor of Science in Computer Engineering Technology / Networking** | University of Al-Hadbaa, Mosul | Graduated 2025

Languages

- **Arabic**: Native
- **English:** (ITEP Score: 3.4 / CEFR A2)
